HOT-AIR BLOWER

HG 530-A

The professional's choice.

The HG 530-A is a compact, lightweight and ergonomic hot-air blower. With high heating and blower capacities, it is one of the strongest hot-air blowers. Its infinitely variable digital temperature control keeps the operating temperature constant at between 80 °C and 650 °C, whatever the air quantity setting. The multi-functional HG 530-A is suitable for a wide variety of industrial applications, including car wrapping, cable shrinking, loosening screws or fittings, etc.
